Easter Weekend

Wishing you and your family a wonderful long weekend.

Attendance and lates

Khowhemun Elementary values regular attendance and being on time for school and class. When students are absent from class, they miss important learning experiences and the opportunities to build relationships and connect with peers and staff.

As we enter the last three months of school, we continue to encourage strong attendance. For those students whose attendance has been impacting their learning, emails will go home asking how we can best support you and your family to increase attendance. Every day in school makes a positive impact on learning.

Student Learning Surveys

A HUGE Thank you to all of the families who returned there surveys. Did you know that we had 73% return rate! Your feedback has been valuable. It will provide us with great information and data to use when making some upcoming decisions about next steps in our school.

Huy ch q'u for your support!

Land Based Learning

As the weather improves, you will see more permission slips coming home for land based learning opportunities in the month of April. We have several trips planned for Glenora Park, Stoney Park and Kinsol Trestle.

Please make sure the permission slips come back to school in a timely manner.

Chess Tournament

On April 16th, we have a group of our students representing Khowhemun Elementary at a District Chess Tournament.

Thank you to all of the children who have been working hard to master the game of chess!

Thank you to Mrs. Burns who will be taking the children to the tournament.

Best of luck Eagles!
